Program description: The goals of Project Northland are to delay the age when young people begin drinking, reduce alcohol use among young people who have already tried drinking, and limit the number of alcohol-related problems among young people. Alcohol is the focus of the Project Northland program because it is the substance of choice of American teenagers and inflicts the most harm during this age period. The programs of Project Northland provide state-of-the-art prevention materials for 6th grade (Slick Tracy), 7th grade (Amazing Alternatives), and 8th grade (Powerlines). These programs invite participation and experiential learning at home and in the classroom. Project Northland has been shown to be effective in delaying and reducing alcohol use among young adolescents in the largest and most rigorous alcohol use prevention trial ever funded by the National Institute on Alcohol Abuse and Alcoholism (NIAAA). Furthermore, among those students who had not begun using alcohol by the beginning of 6th grade, reports of cigarette use and marijuana use were lower in those who participated in the Project Northland prevention programs.
